About Shriners Hospitals for Children – Northern California

The Northern California Shriners Hospital is distinguished by the American Burn Association (ABA) and the American College of Surgeons (ACS) as a verified pediatric burn center serving California and the Western United States. The medical team treats burns of all sizes — from massive life-threatening burns to the smallest fingertip burn. The comprehensive program covers all aspects of burn care – from initial management, critical care and wound coverage to rehabilitation, inpatient care and reconstruction. The multi-disciplinary team of professionals works in concert to maximize the cosmetic and functional outcomes of any child with burn injuries.
