

California Medical Association

Physicians dedicated to the health of Californians

CMA YOUNG PHYSICIANS SECTION

The purposes of this Section are to:

- 1) Promote and fulfill the purposes of the CMA;
- 2) Communicate to CMA the perspective of its young physician members;
- 3) Facilitate the transition from residency training to clinical practice and promote the interaction between established physicians and young physicians;
- 4) Empower young physicians as leaders of organized medicine at all levels; and
- 5) Encourage the membership and participation of young physicians in CMA and its component medical societies.

Membership

All CMA members who are under forty (40) years of age or within the first eight (8) years of professional practice after completion of formal training programs shall be eligible for membership in the Young Physicians Section.

Opportunities/Duties

By joining YPS you will have many opportunities to get further involved in governance activities as well as discussing and building relationships with your colleagues.

- Election of AMA representatives, Trustee, and Executive Committee members within the section
- The section meets once a quarter (via teleconference) to discuss the quarter's resolutions and offer testimony
- An opportunity to voice your opinions on major issues with the section

Time Commitment:

We understand your calendars are immensely full as it is, however we are committed in maintaining a concise meeting schedule

- A teleconference call each quarter
- An annual assembly on Friday, the day before House of Delegates
